

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

AN ACT to legalize and authorize the execution of a lease and agreement by the trustees of Berkeley Springs of the property under their charge to John E. Herrell, made and executed on the thirty-first day of December, A. D., one thousand eight hundred and ninety-six.

[Passed February 9, 1897. In effect ninety days from passage. Approved February 10, 1897.]

Be it enacted by the Legislature of West Virginia:

1. That the lease and agreement respecting the property of the State committed to the management and control of the trustees of Berkeley Springs by an act of the legislature of the State of West Virginia, being chapter two hundred and two of the acts of one thousand eight hundred and eighty-two, made and entered into by said trustees of Berkeley Springs with John E. Herrell, of Washington, D. C., on the thirty-first day of December, A. D., one thousand eight hundred and ninety-six, which lease is in the words and figures following to-wit: "This indenture made this thirty-first day of December, one thousand eight hundred and ninety-six, between the trustees of Berkeley Springs, a corporation created under and by virtue of an act of the legislature of the State of West Virginia, party of the first part, and John E. Herrell, of Washington, D. C., party of the second part.

C. Breeze's property, and

Description of property leased.

Boundaries.

Public square excepted. having for its western boundary, the western line of the municipal corporation of the town of Bath, including also the triangle of ground north of Fairfax street, adjoining Fairfax Inn, also the right of way and park conveyed to the trustees by Samuel Wisner, and excepting therefrom, however, the ground on which the power house of the Berkeley Springs Water Works and Improvement Company now stands, being known as the public square and the Berkeley Springs, for the full term of eighty-five years, commencing for the same on such day as an act of the legislature of the State of West Virginia, ratifying and approving this lease may go into operation, and ending on the corresponding day of the year eighty-five years hence, together with the full right and power to receive, collect and sue for all revenues and profits that may arise or accrue from the use of said land and said springs.

Term of lease. And in consideration of the premises, the said party of the second part covenants for himself and his assigns, that within twelve months after the commencement of the term as above set forth, he will assume and pay to the holders thereof the bonds or other obligations, issued by the trustees of Berkeley Springs to pay for improvements heretofore put on the land above described, which said indebtedness, it is estimated, aggregates the sum of twenty-three hundred dollars.

When to commence. Lessees to pay the sum of one per cent. of gross receipts derived from use of land, etc. And the said party of the second part further covenants for himself and his assigns, that he will on the first day of October, eighteen hundred and ninety-eight, and on the first day of October of each succeeding year thereafter, during the continuance of this lease, pay to the said party of the first part the sum of one per cent. of all the gross receipts that may be derived from the use of said land and said springs, the amount of which receipts for each year shall be ascertained and determined by an annual settlement and accounting between the respective parties to this lease, to be made on or before the first day of October of each year.

When to end. How receipts ascertained. And as one of the conditions on which this lease is made said party of the second part, for himself and his assigns, covenants that he will maintain and operate said public square and Berkeley Springs as a public watering place, during the continuance of this lease, and that he will erect on the land leased to him new and modern bath houses equipped and constructed so as to supply pool bathing for men and women, and so as to furnish hot and cold baths during the entire year; and also so as to furnish Russian and Turkish baths and any other kind of baths in general use; copies of the plans and specifications for said bath houses shall be furnished

by the said party of the second part, or his assigns, to the said trustees of Berkeley Springs, before the work of constructing the same is begun.

The work on them shall be commenced within eight months from the day this lease takes effect, and be completed in two years from said date; the said buildings and other improvements shall cost not less than fifty thousand dollars (\$50,000.) economically expended, including the amount used and expended in improving, adorning and beautifying the pleasure grounds of said public square. After the new bath houses are built as herein set forth, and opened for public use and after a full and correct account by items of the cost of constructing the same and improving and beautifying the pleasure grounds of said public square, made under this clause of this agreement, shall have been submitted to the party of the first part, then and not before, the party of the second part or his assigns may and are hereby authorized and empowered to tear down and remove the bath houses now on said land, except the gentlemen's private baths, adjoining the power house, which may be moved at any time, if necessary in making said improvements. And no building or structure other than buildings for bath houses or bathing purposes shall be put on said public square without the consent of the party of the first part or its successors.

And as a further condition on which this lease is made, the party of the second part covenants that he will build or cause to be built at the town of Berkeley Springs in said county, on land other than that herein leased, a new and modern hotel, which together with the site and furnishings, with any other land it may be necessary to acquire for the purpose of carrying out this lease, shall cost not less than one hundred and fifty thousand dollars (\$150,000.00) economically expended, of which not less than one hundred thousand dollars shall be expended in constructing said hotel and in said furnishings. The work of constructing said hotel shall be commenced within eight months from the time this lease goes into effect; and it shall be completed and open for the accommodation of the public, and a full and correct account by items of the cost thereof be furnished the party of the first part, or its successors, within two years from said date. The said hotel shall be constructed after the most approved plans of hotel architecture, with all modern improvements such as light, heating, bath rooms and water closets.

And the said party of the second part covenants that he will insure and keep insured the buildings now on or hereafter to be put upon the land herein leased in good

and solvent insurance companies, in a sum or sums not less than two-thirds of the value of said buildings, and submit the policies annually to the said trustees of Berkeley Springs, or its successors. And in case of loss under the said policies, the parties of the second part or their assigns shall at once repair or rebuild said building or buildings. And in case of loss before the money is paid to said lessee, or his assigns, he or they shall give a bond, with good security, in a sufficient penalty to rebuild the same within the time agreed. And in case they fail to give such bond then said money shall only be paid to some responsible person, to be designated by both parties as a stakeholder, to be held and paid to said lessees as needed in such rebuilding, and in case said lessees fail or decline to rebuild, the said insurance shall be paid to said party of the first part.

It is mutually covenanted that in case said party of the second part, or his assigns, shall fail to pay the indebtedness of the trustees of Berkeley Springs to the holders thereof as hereinbefore set forth, or shall cease for a period of twelve months to maintain and operate the property herein demised as a public watering place, or in case they shall fail to commence the construction of the said bath houses within the time agreed, or shall fail to have them completed within the time agreed, or shall fail to commence the construction of said hotel within the time agreed, or shall fail to have it completed within the time agreed, or in case they shall fail to account for and pay over to the trustees of Berkeley Springs, or its successors, its share of the gross receipts as herein provided within thirty days after the first day of October of each year, or in case of a total loss or destruction by fire of any of the said bath houses and the said parties of the second part shall elect not to repair or rebuild, or shall neglect so to do for a period of six months and complete same in one year; then and in any of said contingencies, all rights of the party of the second part, or his assigns, under this agreement, to the use and occupancy of the property herein leased, or of the improvements placed thereon, shall wholly cease and determine; and the party of the first part, or its successors, may at any time thereafter re-enter and take possession of the same; *Provided, however,* That power and authority is hereby given to the said party of the first part or its successors for good cause shown to waive at its discretion any such forfeitures.

It is further mutually covenanted that the party of the second part, or his assigns, shall during the continuance of this lease keep in good repair all the buildings on said land, also in good repair the grounds them-

selves, not excepting natural wear and tear, unavoidable accident or the act of God; also that the party of the second part or his assigns shall have the right to select and appoint, and shall be obliged to pay the bath keeper and keepers and all other help or attendants necessary in operating said Springs as a watering place; and also to make all necessary rules for the government and control of said public square and bath houses, and to fix and regulate the charges for the baths furnished; *Provided*, In any event that the hot and cold baths shall be kept open to the general public during each year from the first day of May to the first day of November; and, *Provided further*, That the rates for the hot and cold baths, as now furnished, shall not exceed the existing schedule of rates, namely: Single tickets, twenty-five cents; tickets of twenty-five coupons, five dollars; single half tickets, twelve and one-half cents, and warm bath tickets, forty cents; and, *Provided, further*, That no proprietor or operator or any guest of any hotel, or any other person, shall have any special or exclusive privileges in the use or equipment of the said springs or baths or public grounds; and no discrimination with respect thereto shall be allowed in favor of or against any person whatsoever, and the Berkeley Springs Water Works and Improvement Company shall at present be permitted to have and use the water from said springs not needed for the bath houses or other purposes, in supplying water to the people of Berkeley Springs, and may leave its pipes where they now are, but in case the operation of said water works in the day time shall interfere with supply of water for the bath houses and bathing purposes, the said water works shall do its pumping at night; nor shall any other person or corporation be deprived of any rights it now has or enjoys, except that if it becomes necessary to disconnect or remove any water pipes connecting with or conveying water from said springs, in making improvements herein provided for, the same may be removed and connection made by said pipes with the flow of water from said springs, at the archway under the street at the north side of said public square, or such other point as may be most convenient, which will not interfere with the making of said improvements.

It is further mutually covenanted, that in case the said party of the second part shall fail to insure or keep insured the buildings or any of them on said land, the said party of the first part or its successors may do so, and the costs of such insurance shall be added to and collected with its share of the gross receipts from said property as hereinbefore provided.

It is further mutually covenanted, that as soon as practicable after an act of the legislature ratifying and approving the making of this lease goes into effect, and before possession of the property herein described is delivered to the party of the second part, a bond in the penalty of ten thousand dollars, with good security to be approved by the party of the first part, conditioned to pay over and refund to the said party of the first part all of the receipts from said property, less the actual expense of operating and conducting said bath houses, and for the faithful performance of this agreement on their part, and also to pay all damages that may have been sustained by the said parties of the first part by reason of the making of this lease, in case the said party of the second part or his assigns shall fail to carry out and complete any of the stipulations of this agreement that are to be performed within two years, and which it is provided shall cause a forfeiture of this lease; and on or about the first day of October, nineteen hundred, the said party of the second part or his assigns shall execute a new bond with good and sufficient security to be approved by the party of the first part or its successors, conditioned for the faithful accounting and payment over on the first day of each succeeding October of the share of the gross receipts accruing under the lease to the party of the first part; which bond shall be renewed thereafter during the continuance of this lease at intervals of five years, and the amount of the penalty in said bond shall be equal to the amount of the gross receipts for the year preceding the execution thereof.

It is further mutually covenanted, that no restraint shall be imposed upon the right of the party of the second part to assign or transfer this lease to any other person, company, or coporation that will undertake the execution of the same, according to its terms; and if the said party of the second part make such assignment or transfer, or if he or such assigns fail to give the bond and the possession of said property as herein set forth, no personal liability of any kind shall attach to him or his assigns, on account of any of the provisions of this lease, nor shall any personal liability attach to the said John E. Herrell, after he makes such assignment, for any default or violation by such assignees of the terms, stipulations, or covenants herein contained.

It is mutually covenanted, that the said party of the first part, or its successors, shall have the right to enter upon and inspect the leased premises; also the right to inspect the books relating to the bathing houses and insurance policies, at all reasonable times during the con-

tinuance of this lease for the purpose of seeing that its provisions are complied with. And it is further covenanted, that at the end of the term herein provided for, the said party of the second part, or his assigns, shall deliver up peaceable and quiet possession of said premises, and of all the improvements put thereon by them. It being understood that all of said improvements shall then belong to and become the property of the party of the first part, or its successors.

It is understood that this lease is not to go into effect until an act of the legislature is passed ratifying and approving the same, or authorizing the making thereof, by the party of the first part; but so soon as such a law goes into operation, then this lease is, without any further action on the part of the party of the first part, to become operative and binding on both of the parties hereto.

In testimony whereof the said party of the first part has by resolution duly passed at a meeting of the board of trustees of Berkeley Springs on the thirty-first day of December, one thousand eight hundred and ninety-six, caused its corporate seal to be hereunto affixed, and these presents to be subscribed by its president, and to be attested by its secretary; and the said party of the second part hereto set his hand and affixed his seal.

The said committee shall have power to sit during the recess of the legislature and make a report of the findings of the committee to the speaker of the house and the president of the senate.

The said report shall be printed in the journals of the two houses of the legislature.

The sittings of the committee shall not extend beyond ten days, and shall begin immediately after the adjournment of the legislature.

SENATE JOINT RESOLUTION NO. 6.

(Adopted January 29, 1897.)

WHEREAS, It appears that there is a popular dissatisfaction with the Constitution of the State of West Virginia, and a strong sentiment in favor of a revision or amendment of the same in some important particulars; and

fundamental law of the State embraced in its compact known as the Constitution, is best secured through the non-partisan action of the representatives of the people; and

WHEREAS, It is the sense of the senate and house of delegates that any revision of, or amendment to, the Constitution of this State should be the united and non-partisan work of the representatives of the people, proposed for the interests and public welfare of the State and not for partisan or political purposes, and submitted to the people for their ratification or rejection in the manner now prescribed by law; therefore, be it

Resolved by the Legislature of West Virginia:

When their work shall have been completed the said committee shall file with the governor a copy of their report and the amendments submitted by them; and if the governor in his discretion and judgment shall call a special session of the legislature at any time after the said committee shall have completed their report as aforesaid, the said committee shall make their report to such special session, and if no special session of the legislature be called, the said committee shall report their proceedings to the next regular session of the legislature which meets in the year one thousand eight hundred and ninety-nine.
